Gamers will get their own personal peninsula, they have to deal with its development and attack on behalf of the enemy, occupy their islands. The game is an almost identical clash of clans, where you will be given the mainstay, which will need to be improved, to extract a variety of resources. As every similar strategy, actions and modifications require a set period of time, for this reason, the game is very addictive, which will play more than a month. All buildings are divided into several options: support - there are various improvements; Economy – Here players will find buildings that give them resources and security – a defensive structure that helps repel enemy attacks. When gamers will be able to equip their mainstay, they will immediately fall into a storm of hellish apocalypse while fighting with other players. It is possible to attack the shores of other players, you will be given the resources for the victorious success in the battle and you can have a thorough fun. The offensive takes off its troops on the side of the enemy, two cargo ships and an artillery ship. As long as your attacking unit runs into the attack, you can destroy your armed fighters massively the main enemy objects. An amazing strategy with an unusual addictive gameplay, including online and single players. Boom Beach Mod APK (Unlimited Money) is a very attractive for smartphone devices and Way is free strategy game. Content Table [ShowHide] If You Were Crazy About Conflict Clan that was once hugely popular and once made a storm, you would definitely love the game. Boom Beach has similar gameplay styles like cartoon graphics, resource management and familiar tower defense... But the difference lies in the entirely new context. This time, you will swim on the sea and build military bases on beautiful islands. Fighting a strong military basedeter in Boom Beach, you will swim on the sea and discover many new, wild islands. Your mission is to explore and develop it in your powerful military area. Initially building, exploiting the resources available on the island. To make your base safe and efficient, you should always plan smart strategies on how to build and position defense towers. When the base is strong enough, you can counter the enemy attack. Expand multiple areas to strengthen military force as well as expand the power of the king! To do this, you'll have to create a lot of items and keep them smartly. For example, towers, assault guns or defense systems... They will work and serve the best of the strategy you set. You have countless weapons and combat equipment to choose from. These include sniper rifles, mortars, tanks, warships... Or as missile systems, heal, flares, ... They are very useful, please take advantage! Boom Beachboom Beach has many modes of enemies, so your enemies in the game are many. In default mode, you have to protect the island and its inhabitants from the invasion of Blackguard. They occupy the islands around the base and enslaved their people. As a leader, fight to save your people as well as regain control of the attacked islands. Blackguard is very powerful and smart, and the boss is extremely powerful. Keep in mind! In addition, boom beach has also been given attractive PVP mode. This is probably the best thing about strategy games. You can build soldiers to fight with many other players. Meanwhile, your army will go to neighboring islands and destroy the enemy base. Remember, the defence system has a strong firepower. You can escape its limits to capture enemy castles or launch a rocket to knock them out. There are many weapons to support your conquest. Other weapons besides rockets with strong destructive power also bring unexpected effects. In addition to weapons and equipment, players also need medical equipment for their troops. Every day surprises every time you open boom beach, every time you face a surprise. Much to see your base have a sense of seeing being ruined. From strongholds, after night, only ruins and ruins remain. Also, you don't know who ruined them. Don't worry! Boom Beach has replay mode. That will let you know who attacked you and there are weaknesses in your defence system. From there, you will rebuild the base and adjust your turret system. Don't forget to take revenge on those who destroyed your base. Which could be one of your friends. Also, every day you have to expand more Can collect resources on the island Island. You will have many things to exploit each island but there are many dangers as well. Specifically, go to find the valuable treasure hidden on each island. You can discover the secrets of ancient sculptures on the island. They will give you the secret of longevity by decoding living stones life Crystal. Although the gameplay is almost identical to clash of clans, boom beach appeal is undeniable. While playing the game, you will experience countless interesting features.
